NSAL Spring 2021

Mixed media Encaustic workshops

If you've been curious about the encaustic medium and want to learn about different techniques or if you already have experience and want to spend a day with like-minded artists making fun new art, then this is your chance!

Each one-day workshop will cover a wide range of different encaustic painting techniques from mark making, mixed media collage with wax, shellac burn, to textural impressionistic painting. **All supplies are included** and each student will leave with a minimum of one completed painting. The translucent, seductive qualities of layered wax will engage you to create unique one-of-a-kind paintings.
